To: TCU Faculty & Staff
Subject: MESSAGE FROM THE CHANCELLOR: A Love Letter

May 5, 2020

Dear Faculty and Staff,

It has been over seven weeks since many of us began working remotely. These past few weeks have taken an emotional toll on all of us, while we have done our best to acclimate to the demands this pandemic has placed on our community. Despite our challenges, I see so much that has been accomplished under what some would call strange and unique circumstances. I am truly humbled by your outreach and sacrifices. And I am hopeful for a better tomorrow.

Please accept my deepest gratitude for what you are doing to support TCU, and especially our students. In the spirit of our Lead On campaign, I have written a love letter to mark the final days of this semester:
