

Registration Instructions for COVID-19: Back to Campus

COVID-19: Back to Campus

Members of the [AAMC Group on Research Advancement and Development](#) have collaborated on content for a course through the CITI Program to prepares researchers and staff for a Fall return to campuses. COVID-19: Back to Campus walks participants through recommendations from a variety of federal agencies, including the CDC and NIH, and the practical implications for research institutions.

Modules in this self-paced course include:

- 1) Prevention Strategies
- 2) Moving forward (including mental health and well-being techniques)
- 3) Human Subjects Research
- 4) Safe Lab Reactivation (Animal Research)
- 5) Working with Patients Infected or Suspected with COVID-19
