Accessing Emory Learning Management System (ELMS)

Click ELMS Login button on the left menu of this web page or go to:

<http://elmprod9.emory.edu>

Login to the ELMS using your Network ID and Password. IDs assigned for sponsored accounts are not for use in the ELMS. If you are not an Emory employee or student and are required to take classes in the ELMS, please contact the class administrator to request that an External Learner profile with a user ID be created for your use.

The login page features the Emory University logo and the title "Emory Learning Management System". It includes input fields for "Network ID" and "Password", and a "Login" button. A help box on the right provides links for "University Employees: Forget Password?", "Healthcare Employees: Forget Password?", and "Other issues logging in?", along with a link to the "ELMS Users Guide". A disclaimer at the bottom states that the system is for authorized users only and that unauthorized use is prohibited.
