

# DAILY HEALTH SELF-ASSESSMENT FOR ON-SITE PERSONNEL

Prior to coming to campus, TCU employees should do a self-assessment to determine if they should report to work. Due to the severity and highly infectious nature of COVID-19, employees should stick to the results of this assessment. This self-assessment tool is not meant to take the place of talking with your health care professional or to diagnose or treat conditions.

If you are in an emergency medical situation, call 911 or your local emergency number. This assessment is based on guidance provided by the Centers for Disease Control and Prevention (CDC) and the Mayo Clinic.
